CHILLY CHEEKS?

Dear Jean Claude, I have gotten close to the ice cold refreshment of a Coors Light. I was skating at Lee Valley ice rink with my girlfriend Ingrid, when I tried to impress her with an axel jump backspin. Wrong move. I tumbled to the surface buttock first, my cheeks grinding along the ice like a baby seal on a frozen lake. I had to stand up all the way home. That Jean Claude, was closer to cold. Love, Kevin - Leytonstone

EXCLUSIVE!

Jennifer Metcalfe: fly in Dubai!

The Hollyoaks babe is looking A-OK in the UAE!

➔ ACCORDING TO the internet, Dubai is the 22nd most expensive city in the world and the Middle East's number one bling hot-spot. It has a desert climate with an average temperature of a toasty 41°C, and you might see an endangered sea turtle while there.

However, all you *really* need to know is that Jennifer Metcalfe just went on holiday there and her bikini was *tiny*. Just to underline that, here is said televisual hottie in said bikini. She seems to have been there with her fella, but thanks to computer magic, we've cropped him out of all the shots. We imagine he's too busy feeling absurdly fortunate to mind.

SOAP SIREN!

"It's just like Chester in... no ways at all!"

SERIAL SEXINESS!

Jennifer has been playing Mercedes McQueen on the soap since 2006. Don't ever leave, Jen!

Borderlands: Pre-sequel first look!

**All-new shooter
coming your way!**

➔ **IN TERMS** of shooter thrills per bullet, few games touch *Borderlands*. A breakout smash hit on PS3 and Xbox 360, the two games have sold over 13m copies combined and spawned loads of ace downloadable content.

For inspiration making a new game, the developers looked back, hence *Borderlands: The Pre-Sequel*. Set between the first two games, it spins the yarn of game two's boss Handsome Jack's rise to power. And you get to wear a jetpack and attack a moon base in the process. Here's all you need to know...

WORDS: RORY BUCKERIDGE

"You look like a ball-sack with legs, pal"

THERE ARE FOUR NEW CLASSES!

Choose to play as Athena the Gladiator (from *Borderlands* DLC *The Secret Armory Of General Knoxx*), Wilhelm the Enforcer (from *Borderlands 2*), Nisha the Lawbringer (B2) or Claptrap (rubbish robot from both games).

"Eat my laser, you giant metal berk!"

IT'S SET ON THE MOON!

Telling events between *Borderlands* and *Borderlands 2*, this game sees you attacking a moon base. It also means there's now an oxygen meter for (a) breathing and (b) boosting your new jet pack!

UFC recruits Bruce Lee!

Deceased martial artist enters the Octagon!

➔ **PART OF** the joy of computer games is that being dead is no barrier to entry. Witness EA's *UFC* (out 20 June), which has made the cast-iron awesome decision to add

martial-arts legend Bruce Lee to the Octagon's roster. Pre-ordering the game lets you play him immediately, or you can unlock him by finishing career mode at Pro difficulty. We know which Bruce would prefer!

**LEGEND
REBORN!**

Bruce wondered how well his haircut had aged

NEW ENEMIES!

We only saw a couple of new foes, the silliest being the new Scavenger type – groups of wacky grunts that rush you in numbers, all with silly Aussie accents as this game's been developed by 2K Australia.

"This is the worst club I've ever been to"

NEW WEAPON TYPES!

It's a new shooter, so new weapons are a gimme. We saw two types: laser weapons (from standard *Star Wars* "pew-pews" to *Ghostbusters*-style noodlers) and "Cryo" weapons, with ice bullets that freeze enemies.

LV 20 Howitzer

Verdict

To say this is more of the same does it no justice, but it's the sequeliest of sequels. The in-betweeny story is a great touch, as are the playable characters: everything nods to classic *Borderlands*, and all the fun's been ported intact.

Jason Manford new gags!

Brand new jokes from the
Mancunian funny fella!

On support acts!

"A lot of comics have a support act. They come out, there's a break, and then the person you've paid for comes on and does an hour. I do both of those jobs. People say, 'Is it because you love the job so much?' The reason is I'm a proper tight bastard. I'm not paying someone £60 a night to come on and be slightly sh*tter than me. I could do that."

On the UK!

"If there's a town half an hour away, everybody hates them. That's how this country works. Portsmouth hates Southampton, Derby hates Nottingham, Sunderland hates Newcastle, Manchester hates Liverpool and Glasgow hates Glasgow. We're this tiny island, and there's so much hate. It's funny. Over a certain IQ level, it's just a bit of a laugh. Under it, someone's going to get hurt."

On CSI!

"I was in Blackburn, in Lancashire. There'd been an armed robbery in the jewellers a few doors down from the theatre. So I went out for a nosey, as you do. In this country, when you ask for forensics, they turn up in a van with SOCO on the side for 'scene of crime officers.' Not in Lancashire, where they've decided to adopt the American. So on the side of the van, in the middle of the town centre, it just said, 'CSI: Blackburn.' I laughed for ten minutes. You'd watch that, wouldn't you? That's what's missing from the franchise: Miami, Los Angeles, New York, Blackburn."

On the Taliban!

"If someone sets me up with a joke, I'll always take the punchline. Even if I'm at a funeral or something. I said, 'Mum, I'm doing a week of gigs in Afghanistan.' She had a little tear in her eye and said, 'What, for the troops?' I wasn't proud of myself. I said, 'No, it's for the Taliban. They love me out there.'"

On swagger!

"Mancunians have got this weird swagger. The Gallaghers do it. Ian Brown from The Stone Roses does it. It's like everyone's at a festival. I thought, 'Why do they do that?' Then I realised. I read an article - 22% of the SAS are from the North West. 22% of the world's elite fighting force are from one area. I thought, 'It's all down to that walk.' I'm no military expert, but I imagine, if someone's shooting at you, that's quite an evasive technique. 'Trying to shoot at me are you, you Taliban knob-head?'"

On Afghanistan!

"I went to Afghan last summer. I did some gigs in Camp Bastion, last August. That's the best time to go, middle of summer. It was absolutely roasting. It was 50 degrees. I was sweating like John Terry at the MOBO Awards."

"Did you know Camp Bastion has its own KFC? I thought it was a mirage. This squaddie stopped me and said, 'Don't eat there.' I said, 'Why not?' He said, 'Have you seen any fking chickens around here?'"**

"I've done military gigs before, I've been to the Falklands, but no one's shooting at you out there. They've got penguins, but if a penguin kicked off, I could have them. Not the Emperor Penguin, what a d*ckhead they are. The other ones."

On chavs!

"I was in Cheltenham. Quite posh, Cheltenham. I said, 'What do you call chavs?' We call them scallies in Manchester. They call them chavs in London. They call them charvers in the North East. They call them Neds in Glasgow. Cheltenham, posh, so I said, 'What do you call them?' and a bloke went, 'Rascals'. I love that."

"Have you noticed chavs have started wearing trackie bottoms and proper shoes? It's a trend sweeping the chav nation. It's like they've been invited somewhere where it says, 'Smart casual'."

On twins!

"I was in Scunthorpe. I said, 'I've got twin girls. Has anyone got twins?' This woman said, 'I have.' I said, 'How old are yours?' She said, 'Five and six.' These are the people I'm dealing with."

On cheering up!

"As a country we need to cheer up. We do all right, you know? It's the little problems we have in the first world that if you spoke to someone in the third world, you'd be embarrassed about. They've got actual problems. Like sanitation and finding food and trying to stay alive. We're all like, 'Why do hotdogs come in eights but the buns come in six?'"

On London!

"People in London just need to look like they're a bit happier. They've got this fantastic tube network, they don't know how lucky they are. Where I'm from, there's a bus every three days and it goes into Manchester city centre. Who wants to go there? They've got this tube that goes everywhere. You see them running for it. 'Beep beep', 'Fking hell, I missed it. Oh, here's another one, 30 seconds later.' Spoilt b*stards."**

➔ **ALTHOUGH** WE'D prefer a Porsche, we have to admit we have a soft spot for Smart Cars. They pootle along humorously, don't take up much space and even buffoons like us can parallel park them. So we're troubled by reports of a new pastime for the ne'er-do-wells of San Francisco – Smart Car tipping. Which is exactly what it sounds. Well, it's more impressive than doing a sleeping cow.

A quick word with The Britain's Got Talent judges!

Dixon! Walliams! Cowell! Holden! Also, dancing grannies, guitar-playing dogs and rubbish owls and the French!

➔ **Hi judges! The winner of BGT gets to perform at the Royal Variety Performance later in the year. Does the Queen have any sway over who wins or does she have to vote like normal people?**

Simon: I get a phone call from her about once a week. "More singers this year, Simon." "Get a Brit to win this year." She's kindly in the opening sequence to the start of the show. I'm sure if the Royal family didn't like it, they wouldn't invite us. I don't really get any calls, but I do think they like it.

David: You get abusive calls, don't you?

Amanda: Simon gets deep breathing down the phone.

Simon: That's you, darling.

Are you pleased more foreign acts now enter BGT, or should they stick to their own talent competitions?

Simon: Was that owl British?

David: Yes. It was a British owl.

Simon: One of the reasons we get so many people from around the world entering is because it's a huge deal for them to perform in front of The Royal Family at the Royal Variety Performance. I like it because it makes the show more of a competition, the Brits versus the rest of the world. But I'm sure a Brit will win this year.

Eight series into BGT, what talent would you like to see more of?

David: I think it's just about originality. There are brilliantly talented people who sing and dance. For me it's about seeing an act you've never seen before. A bit like we had with [2012 winners] Ashleigh and Pudsey, and the old lady you've just seen in the first show this series. We're looking for something we've never seen, so it's hard to know what it is because we haven't seen it yet.

Alesha: We would like to see more animal acts. The thing is, Pudsey was one of a kind, wasn't he?

David: We were disappointed because we thought, "Oh great, we're going to have lots more animal acts" but they've all been dreadful.

Simon: I've actually wanted an owl for eight years but it kind of went wrong on the day.

David: Simon says his dream is to find a guitar-playing dog.

ALESHA!

He thinks there's one out there somewhere.

Simon, are you worried being a dad has turned you into a big softy when it comes to judging?

Simon: My dogs, Squiddly and Diddly, kind of got me warmed up for that. I learnt compassion from them. But if someone is useless, I'm not going to suddenly go, "You're fantastic" because I've had a baby.

David: It's been tough this year because the dynamic has changed with Simon. A wedge has come between us in the shape of a baby. I feel he should have impregnated me.

So who are you going to encourage first to audition for one of your shows: your dogs or your baby son, Eric?

Simon: Not my dogs. I can't even get them to sit, never mind be dancing dogs. They

are literally the worst behaved dogs I've ever met in my life. That's why I love them though. As for my son, give him a couple of years. I'm kind of dreading the moment I hear, "Daddy, can I go on one of your shows?"

With eight series' worth of BGT winners doing the live circuit, why not combine some of the acts to save space, like Pudsey and last year's winners Attraction?

Simon: Do you know what? I think that's probably the best suggestion I've ever had. I can actually see it – Pudsey as a shadow who you think is a cat and he turns out to be a dog. I'm going to suggest that.

Thanks, BGT judges. How come you lot get on whereas The X Factor judges bicker and fall out all the time?

ANT AND DEC!

The easiest way to remember which one is Ant's bigger, just like a real ant isn't.

DAVID!

SIMON!

AMANDA!

“Simon’s dream is to find a guitar-playing dog!”
David Walliams

Amanda: It’s funny you should say that, because David nearly blinded Simon this year.

David: You should have closed your eyes!

Amanda: He threw a pen at Simon because Simon was being funnier than he was. It was awful.

Simon: You will be seeing it on the show, in slow motion, as David has a hissy fit. You did cross the line. I had a baby before I had a baby, working with David.

So can you see a time when you might make any changes to your now “classic” panel, or are you here for the long haul?

Simon: Yes. Next question!

David: What would I have to do that I haven’t already done?

Alesha: Let’s not go there!

George W Bush's terrible art!

He's almost as bad at painting as he is at being Leader of the Free World!

GEORGE W Bush, former President of the US of A, recently revealed that he has talents other than that of ruining the world for the rest of us. He's also a portrait artist. A completely rubbish one, who paints all his portraits from Google Images, admittedly, but an artist nevertheless.

Nuts' resident art critics (yeah, we have loads) now appraise his finest works...

Awesome new Beemer!

Meet the drop-top M4, with 4 seats, two turbos and 426 horses!

- BMW likes making new badges. There aren't many people who understand why the Munich-based manufacturer of "the ultimate driving machine" feels it necessary to only stick M3 plaques on the four-door saloon. The M4 moniker is reserved for the two-door coupé body and now also the cabriolet. You just can't buy an M3 cabriolet anymore. Sorry.
- Both M3 and M4 cars will share engines and chassis, as well as many interior cabin bits and pieces. The outgoing M3 droptop – which stopped production late last year – bore a naturally aspirated (non turbo or supercharged) V8 4.0-litre but, like the coupé M4, this cabrio version reverts back to BMW's classic straight-six motor.
- Despite dropping two cylinders and a litre of cc, the M4 ramps power by 11bhp and 111lb-ft compared to the V8 thanks to twin turbos. Despite the turbo hardware and intercooler gubbins, the new engine is 10kg lighter. The cabrio comes with adaptive dampers, aluminium five-link rear suspension, carbonfibre propshaft and an electronically controlled M Division limited slip diff rear axle.
- The M4 is also 56mm longer, 65mm wider and a gnat's pube off 4mm lower than the old M3 cab. The weight has dropped 60kg as long as you opt for the standard six-cog manual gearbox over the optional £2,645 seven-speed dual clutch. Saying that, the paddle-shifter shaves 0.2 seconds off the 0-62 time to make it 4.4 secs.
- Although it weighs 1,750kg compared to the coupé M4's 1480kg, this four-seat hairdryer maintains its stiffness whilst having a three-piece steel roof that deploys in 20 seconds flat up to 11mph. Being an M car, the M4 cabrio wears a deeper front bumper incorporating gaping cool air intakes, wider arches, front splitter, aluminium bulging bonnet, rear diffuser and trademark quad chrome tailpipes. There are also breather gills slashed into each front wing, which wear the M sport badge.
- The M4 is the ultimate accessory for summer 2014... until your local shady nightclub owner buys one.

SAMMY BRADDY

A full-body photograph of a woman with long, dark, wavy hair posing in a black strapless bra, black lace-trimmed underwear with garters, black thigh-high stockings, and black high-heeled shoes. She is standing in front of a large floor-to-ceiling window, with her arms raised above her head. The window reflects the outdoor environment, which includes a brick building, trees, and a garden area. The lighting is bright, coming from the window, creating a high-contrast scene.

SAMMY BRADDY

**“Being brunette
gives me a more
sultry look!”**

Hey Sammy! You haven't done a *Nuts* shoot in ages, how does it feel to be back?

I'm really excited

about it. It's been great to see everyone again and get sexy in front of the *Nuts* cameras. I hope the readers think my boobs are still in great shape!

We're sure they will. We've got a throng of sexy blondes in this issue. Who has more fun, blondes or brunettes?

Well, I'm in a good position to answer this as I'm a natural blonde but I'm currently a brunette. My answer may surprise you but I much prefer being a brunette. It gives me a more sultry look and I can play around with different coloured lingerie a lot more. It just seems a little less obvious and more naughty to be brunette.

When was the last time you sent a naughty text message?

This morning, actually. I sent one to somebody telling them that I was just about to get into a hot shower and I wished they were there to join me!

How very environmentally friendly! Speaking of flirting, is it easier to get sex now than it was five years ago?

Definitely. It's more accessible and available if you want it. It's all down to technology, isn't it? But I prefer a bit of old school, organic dating. There's still nothing to beat that instant attraction of a guy approaching me who I like and wants to wine and dine me a bit.

What impact do you think Tinder will have on the young people of Britain, then?

Well, it's a bit of fun, isn't it? You get the instant attraction without any of the awkwardness. I don't much go for online dating – I tried a website once and had an awful date – the guy figured out who I was and showed me hundreds of pics he had of me from my *Nuts* shoots which were on his phone! I didn't see him again. ►

**“The World
Cup will be a
good chance
to get the
BBQ out!”**

Ha-ha! What's the weirdest thing a bloke's asked you to do in the bedroom?

I had a guy who had watched too many '80s porn movies who asked me during sex, "Who's your daddy?" He then got mad and asked me if I didn't know the answer to that question and if that was why I was looking at him with such a p*ssed off look on my face. What an idiot!

On a happier note, what's your record for consuming Easter eggs in one session?

Two without a break, for sure. Though I'm always disappointed that Easter eggs are hollow. Does anyone make big ones wrapped in foil that are full to the centre with chocolate? I want one of those, if they exist.

So are you excited for summer?

Of course I am! It's a chance to wear less clothes, sunbathe topless and party a lot. Topless sunbathing is like homework to me, really – I have to do it to stop getting any lines before my *Nuts* shoots.

Is it too early to be getting excited about the World Cup?

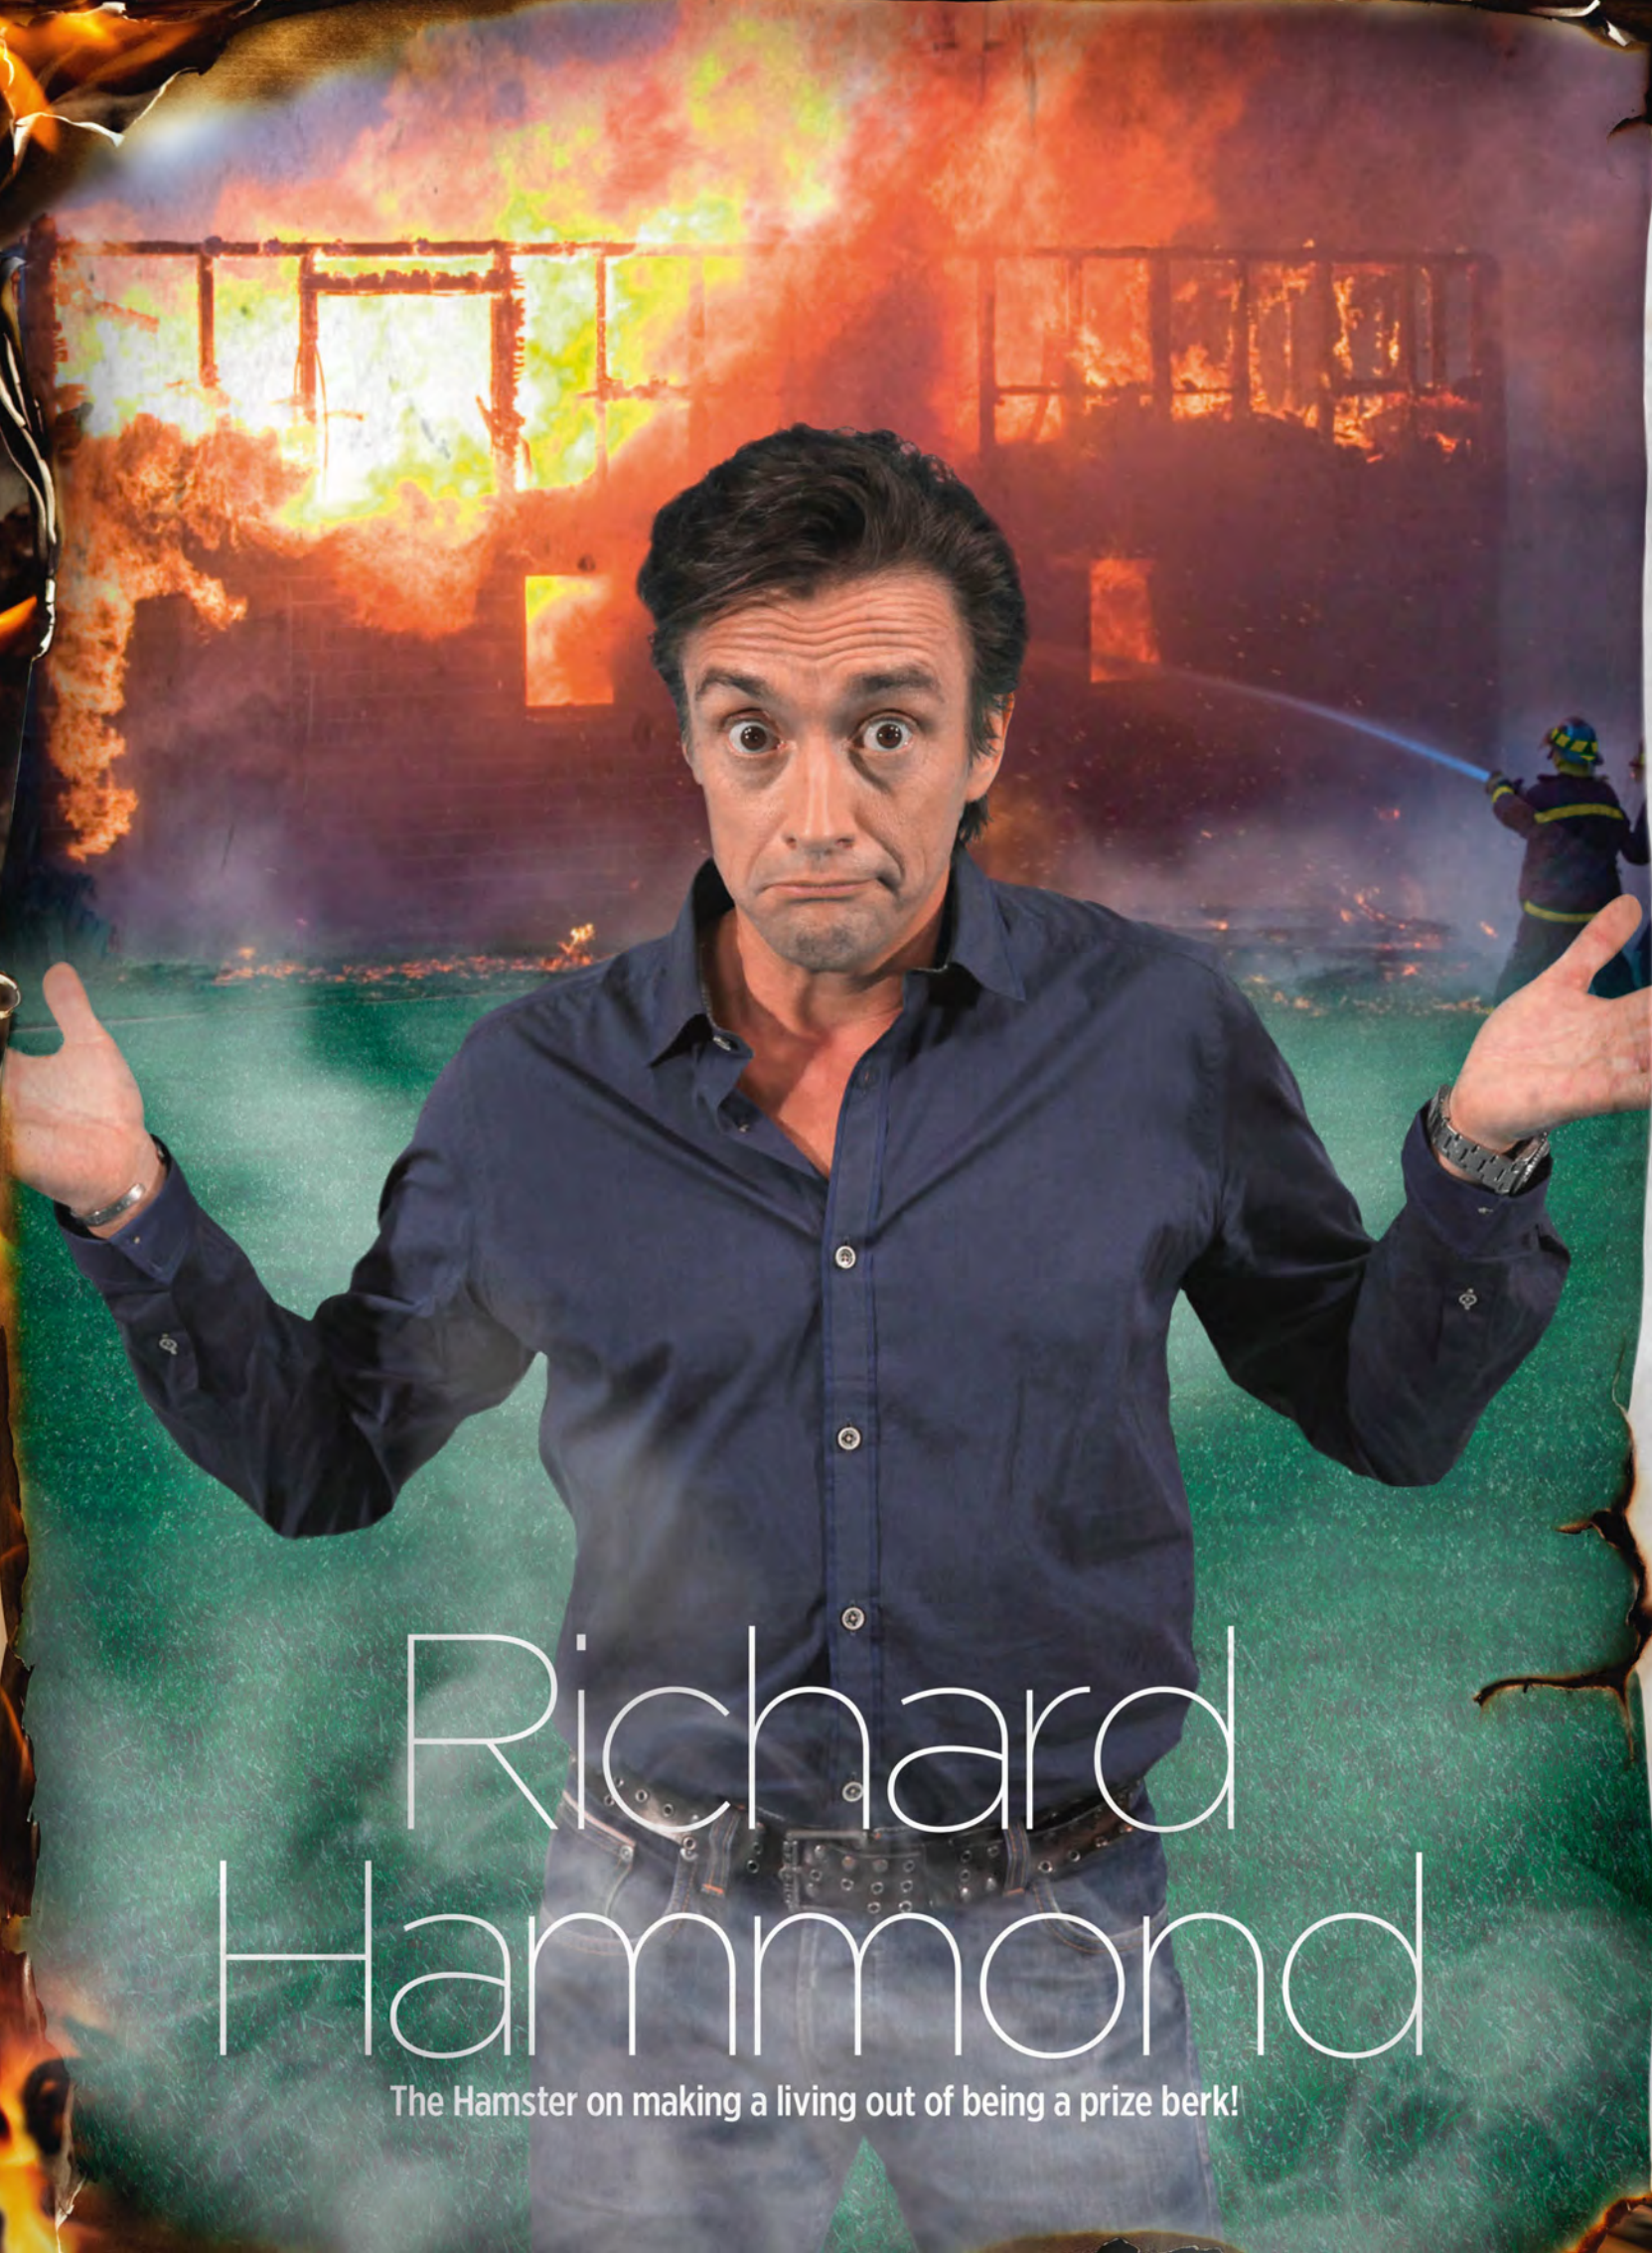

I'm not a massive football fan but I like watching England. I went to one of the games in Germany, 2006 and had a great time. England lost though but I've been told that that happens pretty much all the time. It'll be a good opportunity to get the BBQ out.

Indeed it will. Thanks for the chat, Sammy. Finally, then, what's your top tip for barbecuing a difficult item such as a chicken thigh?

I know what I'm doing with a BBQ. You've got to turn them a lot, keep an eye on them and don't get distracted. Plus, all men should spend a bit more money on getting better BBQs. I like the ones with a roof so the heat gets held in. You've got to let the heat circulate properly. See – I'm good at this. Can I have my own cooking column, please? **✕**

"Summer's a chance to sunbathe topless!"

Richard Hammond

The Hamster on making a living out of being a prize berk!

Hi, Richard!
Your new show on National Geographic is called *Science Of Stupid*. In

what ways is science idiotic?

There are plenty of people all over the place doing idiotic things every day. We're in the fortunate position of being able to watch them do these idiotic things, then I step up to explain the science of what went wrong.

Righty ho. Er, like what?

For instance, the backflip. I was desperate to backflip as a kid. So we film an athlete doing it properly in slow motion to show how they bring their legs in which increase their speed and circular motion. Then we have a laugh at some people trying to backflip and making a total Horlicks of it.

Are you sure this isn't just a nerdy version of *You've Been Framed* meets *Brainiac*?

It possibly is, yes. It's a big excuse for us to watch people hurting themselves in very painful ways because we are on a scientific mission to understand why things go wrong.

Are you personally hoping that science will come up with a cure for smallness?

It already has. Just stand a bit closer. It's called perspective, which can be explained scientifically. That's why on *Top Gear* I always stand further back. If I was to stand closer to the camera, I would appear bigger than both James and Jeremy.

What were you like at science at school?

I was really enthusiastic but I liked painting and writing, and I thought, "You can't do both." So I didn't concentrate properly. But I liked it, because it's about why stuff does what it does.

If you were going to rebuild a dying Jeremy Clarkson like Robocop, which bits of him would you keep and which would you throw away?

I think I'd take a more holistic approach and rebuild him using one of those gigantic tree-shredding machines. Or, maybe I'd just chop him into pieces so he was all jelly and blood and tip him all down the drain.

Should all the *Top Gear* presenters be amalgamated into a single Frankenstein super-presenter to keep BBC salaries down?

That's actually how we all started, as one big amorphous homogenous blob of horror. They just got the portions wrong when they divided us up.

You seem to be running out of places for the *Top Gear* gang to offend. How long before we see you all berking around in space?

Well, we are an ambitious show, and space does beckon. We've tried to launch a Reliant Robin into orbit in the past, but we sadly failed. But we learned. Maybe for the next *Top Gear* Christmas special, we should race across the moon in hybrids, 'cos hybrids work in space, don't they?

What's all this about you not being able to drive your brand new £100,000 Porsche 911 GT3 for fear of it bursting into flames?

Bah! It's not far. I've had to give mine back because they've got to replace the engines in all of them.

Are you not a bit let down that, having spent £100,000 on a brand new Porsche, they didn't bother to double check whether the engines catch fire or not?

What do you think? Of course I want to drive it! But it will come back with a nice shiny engine and then I will enjoy it very much.

James May's car disguise was pretty awesome

Does this mean you have to get the bus in the meantime?

No. I borrow my wife's Fiat 500. And I haven't yet resorted to taking the bus. I'd rather run.

Would Joaquin Phoenix still have fallen in love with his computer in *Her* if James May had voiced it rather than Scarlett Johansson?

No, I expect he would have chosen to jam his fingers in his ears instead and take a hammer to the computer before he vomited.

Presumably *The Stig* is a work of science. Do robots have feelings too?

The Stig certainly doesn't. The only thing he would feel, if he was to experience a feeling, would be fear. But he really can't.

Do you ever take any of the cars you test on *Top Gear* up to 88 miles per hour in case one of them is a time machine?

I haven't so far, but from now on, I promise I will. I'd like to go back to when I was 17 and didn't have a girlfriend and tell myself to get my bloody hair cut. It was down

to my elbows. I looked like a girl, which didn't help anything.

Thanks, Richard! You wrote your autobiography recently. Russell Brand told us that it took him ages to write *My Booky Wook* because every time he sat down, he invariably ended up looking at porn. Similarly, did you end up invariably looking at cars?

I cannot deny it, that's true. There's always a car in the back of my mind that I really want and I'm always thinking of selling one car and getting a different one so... that's bad, isn't it?

Does this mean you have to regularly clear your internet history for fear of Mrs Hammond busting you looking at car porn?

Well, I don't want to be revealed to her as a colossal nerd, so, yeah. It's pretty shameless, skulking about at owners clubs and forums. I'm glad Mrs Hammond doesn't know what I get up to when she's not there! **X**

THE NUTS FESTIVAL 2014 GUIDE

Forget Glastonbury, we're packing wellies, sunnies
and cider for these ace-looking shindigs!

WIRELESS

BEST FOR
**CHART
BOTHERERS**

Finsbury Park, London/Ferry Park, Birmingham, Friday-Sunday, 4-6 July

WHY IT ROCKS

Seeing Kanye West on the Fourth of July will be insane. America's biggest star on America's biggest day. It'll be like seeing Jesus on Christmas, except you won't have to take a birthday present, and Jesus was vaguely humble.

WHAT TO PACK

Suncream. Just because you'll be able to see a branch of Costcutters from where you're watching Kanye West, don't forget this is one of the hottest weekends of the year. Feel free to join Pharrell in wearing a ridiculous hat and all.

LINE UP

Kanye West, Pharrell Williams, Bruno Mars, Outkast, Rudimental, Azaelia Banks, Iggy Azalea, Tinie Tempah

BUDGET

£210 London, £172 Birmingham

PRICE OF A PINT

£5 - London, eh? Blimey!

STAR TIP

Tinie Tempah says: "I love playing Wireless festival, this is the fifth year I've done it. I've been there from the very beginning on the smallest stage, so it means a lot."

BOARDMASTERS

Fistral Beach/Watergate Bay, Cornwall, Wed-Sun, 6-10 Aug

WHY IT ROCKS

As well as the *Nuts*-friendly music, Boardmasters is home to a massive international surf competition, with some of the world's best wave-wrangers competing for fat prizes. The nice thing about surfers? If they aren't sexy girls in bikinis, they're usually accompanied by sexy girls in bikinis.

WHAT TO PACK

Your swimming trunks – Fistral Beach is awesome. Also, bring some spare stomach lining, as the cider down in Cornwall is what a snooty wine expert would call “robust” (and a massive booze-hound would call “delicious”).

LINE UP

Chase And Status, Snoop Dogg, Bastille, The Cribbs, Dan Croll, Reel Big Fish, 2ManyDJS, Palma Violets, Peace, The Cuban Brothers

BEST FOR
HAVING A PADDLE

BUDGET

£129-149 including camping

PRICE OF A PINT

£4.50 – try Rattler, it's ace.

STAR TIP

Snoop Dogg says:
“I love being in front of people who love me. I never look at how many people there are – five people with energy can bring a better show out of you than 90,000.”

DOWNLOAD FESTIVAL

Castle Donington, Friday-Sunday, 13-15 June

WHY IT ROCKS

A lot of festivals try to deny that what it's really all about is drinking all the cider you can and going completely mental while getting sunburned and mud-drenched at the same time. Not Download, where it's pretty much obligatory to be as drunk and mucky as humans get.

WHAT TO PACK

Cut the sleeves off whatever you're wearing. Sleeves are the enemy at Download. So are any non-black items of clothing (exceptions can be made for very dark grey). If there's a helmet knocking about, and it has big metal spikes on it, get it on your head immediately.

LINE UP

Linkin Park, Rob Zombie, Aerosmith, Fall Out Boy, The Offspring, Status Quo (!), Avenged Sevenfold, Trivium, The Pretty Reckless

BEST FOR
METALHEADS

BUDGET

£205 including camping – that might seem a lot, but the total age of the members of Status Quo is over 300!

PRICE OF A PINT

£4.50 with a token system

STAR TIP

Taylor Momsen from The Pretty Reckless says: “Whether you're playing or attending, drink tons of water. It's gonna get hot!” ▶

KENDAL CALLING

Lowther Deer Park, Friday-Sunday, 1-3 August

WHY IT ROCKS

Kendal's a bit more relaxed than a lot of the more BANG BANG festivals, so is a good should for you and a ladyfriend. Plus you might get to meet a real-life deer.

WHAT TO PACK

Sugar lumps. Is it deer that eat sugar lumps? Maybe it's horses. Maybe don't take sugar lumps.

LINE UP

Suede, Frank Turner & the Sleeping Souls, De La Soul, Happy Mondays, Tom Odell, Miles Kane, Razorlight, Newton Faulkner

BEST FOR
CHILLING OUT

BUDGET

£129 including camping

PRICE OF A PINT

From £2 – there's a real ale festival on all weekend.

STAR TIP

Frank Turner says:
"I love Kendal Calling. It has a great atmosphere, amazing people and a lovely setting. We've had some great shows there."

LATITUDE

BEST FOR
MASSIVE
LAUGHS

Henham Park, Suffolk, Thursday-Sunday, 17-20 July

WHY IT ROCKS

There's a comedy tent headlined by Dara Ó Briain and featuring over 50 comedians across the weekend. Name a comic and odds are they're playing Latitude – Milton Jones, Seann Walsh, Tim Key, Doc Brown, Cardinal Burns, Josie Long... The nation's comedy clubs will be empty that weekend.

WHAT TO PACK

They specifically say on their website that you aren't allowed to bring air horns. So, whatever you do, don't take an air horn. Unless, you know, you *really* want to take an air horn.

LINE UP

Damon Albarn, Two Door Cinema Club, Kelis, The Black Keys, Bombay Bicycle Club, James, Tame Impala, Coner Oberst

BUDGET

£129 including camping

PRICE OF A PINT

£4.40 for a Tuborg

STAR TIP

Tim Booth from James says:
"Latitude embraces creativity in all its many faces, not just a dole queue of bands. This raises it into something magical. May the sun shine down on us."

CREAMFIELDS

Daresbury, Friday-Sunday, 22-24 August

WHY IT ROCKS

The lineup is like a who's who of the dance music world, with every generation of dance music represented, from OGs to young upstarts. Whether you're a glowstick-waving raver or a womp-womp-womp dubstep head, if it can be represented on the page by this – dan CHUN dan CHUN dan CHUN dan CHUN – it's here in spades.

WHAT TO PACK

Let's not kid ourselves, everyone knows what you need a fair bit of to get through a sweaty weekend of non-stop raving. Deodorant, right? Nobody likes a stinky stinker.

LINE UP

Chase And Status, Snoop Dogg, Bastille, The Cribbs, Dan Croll, Reel Big Fish, 2ManyDJS, Palma Violets, Peace, The Cuban Brothers

BEST FOR
RAVING IT UP

BUDGET

£198 including camping

PRICE OF A PINT

£4. Prices for other things vary.

STAR TIP

Steve Aoki says: "If I could have anyone on the bill, I'd bring Beethoven and his crazy orchestras back to life. I'd have Queen, Nirvana and GG Allin."

STANDON CALLING

Standon, Hertfordshire, Friday-Sunday, 1-3 August

WHY IT ROCKS

There are very few opportunities to watch old school hip-hop legends Public Enemy while dressed more stupidly than Flavor Flav, a man who typically wears a clock round his neck and a Viking helmet. However, Standon Calling always has a fancy dress theme, and this year's is "Lost In Latin America", which seems like a needlessly lengthy way of saying "Sombreros!"

WHAT TO PACK

Tequila, awesome fake moustaches, plastic toy guns, tequila and more tequila. Maybe throw in some tequila as well. In a plastic bottle, mind.

LINE UP

Public Enemy, Frank Turner & The Sleeping Souls, Maxïmo Park, The Heavy, Charli XCX, Peace, Toy, Grandmaster Flash

BEST FOR
SOMBEROS

BUDGET

£119 including camping

PRICE OF A PINT

£4.50, on your wireless wristband

STAR TIP

Flavor Flav from Public Enemy says: "The only thing I can say is that when you come to see us, just be prepared to leave smilin' and sweatin'."

JESSICA

MELISSA

DANICA PRESENTS...

Booby Blondes!

Enjoy a fab feast of fair-haired fitties!

DANICA

HOLLY

**“Blondes
definitely
live on the
wild side!”**

Danica

H i Danica! How is it flying the flag for blondes today?

It feels great!

I love being a blonde and I've

been working with three other brilliant blondes on this shoot.

Do blondes have more fun?

The girls and I were discussing this – they seemed to think that redheads had more fun, but I disagree! Blondes like to live on the wild side, definitely.

What's the wildest thing you've done recently?

Sometimes I find myself in surreal situations. Recently, I was in a new music video with Jessie J and Robin Thicke and it was absolutely wild. I can't wait for *Nuts* readers to see it. You saw *Blurred Lines*, so expect it to be very sexy!

Cool! What else is going on?

I'm going to LA soon to take part in castings for several films. Exciting times, right? I've been working out really hard, too – I'm big into fitness as a way of feeling awesome!

Got any blonde crushes?

I love classic blondes, like Pamela Anderson and Elle Macpherson. They're some of the best looking girls ever.

What's the best thing about being a blonde bombshell?

Ha ha! I've noticed that the blonder you become, the more attention you get, which has its benefits. When I've toned the colour down in the past, I've really seen a difference.

When do you feel sexiest?

I obviously feel very sexy when I'm all glammed up on a *Nuts* shoot. But we girls feel best about ourselves when we're around people who make us want to feel sexy. It's not a case of looking a certain way or wearing something seductive, it's about being around the right person in the right moment. ►

“Getting attention has its benefits!”

BOOBY BLONDES

A full-page photograph of a woman with long, wavy brown hair posing on a bed. She is wearing a black strapless bikini top, black thong underwear, and sheer tan thigh-high stockings. She is also wearing black high-heeled shoes. She is sitting on a bed with white linens, leaning against a large, ornate silver headboard. She is looking directly at the camera with a slight smile. Her hands are clasped in front of her chest. The lighting is bright and even.

**“I feel very

a *Nuts* shoot!”**

**“I feel best

who make me
feel sexy!”**

BOOBY BLONDES

**“I live with
girls, so
things can
get crazy!”**

Jessica Davies

Hi Jessica! How was the shoot?
So much fun! I'm very happy the all-blondes shoot is back. I also got

to dress up in sexy lingerie, which is awesome! I'm always paired with brunettes, so it was nice to get cosy with blondes. Danica's amazing, isn't she?

What's new with you?

I've been buried in uni work lately. A bit boring, I know! I go to Cardiff, which is fairly academic, but there's always time for a few wild nights out!

What type of student are you?

The type who promises herself she won't get drunk but ends up wasted! I'll say, "OK Jessica, one drink", and before I know it, the entire bottle's gone! The main culprit is white wine. Sometimes when we're getting ready for a night out, me and my girlfriends will have a bottle each. I live in a house of girls so things get pretty crazy!

What's the wildest thing you and your housemates get up to?

I'll get told off for telling you this, but sometimes they bring fellas back and... let's just say they make a lot of noise. But you won't find me doing that, I promise! I'm very well behaved.

Do blondes have more fun?

It's been said that guys prefer blondes but marry brunettes, which is quite sad, I think. The thing is, girls don't really seem to be bothered by blokes' hair.

No secret ginger-nut lust then?

I do have a crush right now on the Olympian Greg Rutherford. He's a bit amazing!

Who do you reckon is the sexiest blonde right now?

Me – obviously! But if not me, Margot Robbie. She's the Aussie actress in *Wolf Of Wall Street* and is just gorgeous. ►

BOOBY BLONDES

**“Posing with
other sexy
blondes is
so fun!”**

Melissa Debling

Hi Melissa! What have you been up to lately?
Enjoying my *Nuts* comeback! At the start of the year,

I got to hang around an office in lingerie, and this time I get to pose with three other sexy blondes, which is even better. I know Holly and Danica well so it's fun to shoot with them. They're so hot!

Who do you reckon is the sexiest blonde right now?

Helen Flanagan. Everyone seems to be going a bit mad for her, don't they? You can see why – she seems really nice. Keeley Hazell was really fit when her hair was lighter, too.

Do guys get a bit obsessed over your hair colour?

Yeah. Obviously brunettes are really popular, but I think blokes will always have a soft spot for blondes. There's something about us. I can't explain it – and I'm blonde! There aren't enough around.

What's your favourite tippie?

If I'm in a cocktail bar, I always go for a Dune Bug. I can't get enough of them. They have a really tropical, juicy flavour – with melon, pineapple juice and banana liqueur. You have to try it!

Sounds lovely! In a *Nuts* award ceremony, what would you win?

Probably the "Girl Next Door Award". I'm the whole package – big boobs and blonde hair. I come from a small town so my look gets me noticed a lot.

What's the last thing that made you properly laugh out loud?

The other day a friend told me about the time he was stuck in traffic and really needed the toilet. Just as he was getting to a petrol station, he had a sneezing fit and p*ssed himself. I laughed at that for ages! ►

**“I don’t like
wearing
a lot of
clothes!”**

Holly Eriksson

Hello Holly! What are the biggest misconceptions about blondes? Sometimes I think the “blondes have more fun” idea is rubbish, but we can get a bit wild.

Any examples?

I got really drunk recently and danced around a pole in a club. I wasn't full-on stripping or anything but I attracted quite a crowd. I just saw the pole and thought, “Right, I'm getting on that!” I could barely remember doing it the next day.

Good work! What else have you been up to recently?

I went back to Sweden to see my family, which was lovely. My mum's really proud of my modelling and the things I've achieved since coming to England four years ago.

With our awful weather, do you long for bikini season?

Yeah, I prefer the hot weather because you get to put on your smallest bikini and just feel so sexy. To be honest, I don't like wearing a lot of clothes!

Does that get you in trouble?

Sometimes! I find it hard to save my skimpy stuff until summer. I went on a night out in Sweden wearing this sexy, really low-cut top. My mum said, “You can't go out like that! Put your cleavage away!” I explained people were going to see it in *Nuts* anyway!

Who do you reckon is the sexiest blonde right now?

My first instinct is to say Nicole Neal. She's stunning and has an amazing bum.

Learned anything about your fellow fair-haired fitties today?

I've learned that blonde models are really fun to hang out with! But you probably knew that anyway. Ha-ha! **X**

Chloe

1 Where's the strangest place you've had sex?

"It was probably this one time in a steam room at a spa. Ha ha! It was literally so quiet and me and my ex thought, 'Why not?' If I were to recommend anywhere to have random sex, that would definitely be the place."

2 What's your trademark move in the bedroom?

"I really love foreplay and I think that when you

enjoy something a lot, you can automatically become good at it. I'll leave it at that."

3 What turns you on?

"A guy who's not afraid to take control. All girls like a bit of excitement in the bedroom. Kissing is a massive thing for me. If a guy can't kiss, then that's a massive turn-off."

4 What's your favourite position?

"Reverse cowgirl – because guys always like to look at my bum, and it feels deeper!"

5 Is it better to give or receive?

"I love both! I enjoy pleasing a guy as much as I enjoy being pleased. It's not really fun unless you're both getting something out of it!"

6 What one thing would you really like to try but haven't yet?

"I would really like to be tied up. The initial thought freaks me out a little bit, and you would have to completely trust your partner, but on the other hand, the thought of having

someone be in complete control of me does sound very interesting."

7 Have you ever got it on with another girl?

"Yeah, I have – a few times in fact. There's something really hot about certain girls. But ultimately, guys are definitely where it's at for me."

8 What's your sexy outfit of choice?

"Stockings and suspenders are hot. It's a classic look, but it works every time."

9 Have you ever made a sex tape?

"No, but I've felt tempted. I'd love to watch myself having sex. I think that would be a massive turn-on!"

10 What's the rudest thing you've ever done?

"Surprising my ex for his birthday by picking him up from work in crotchless knickers and driving him to a hotel I'd booked for us. I don't think he'll forget that day for a while!"

CONFESSION OF THE WEEK!

'I loved being watched'

MY BOYFRIEND surprised me last week with a trip to Barcelona. We explored the city but explored each other a lot too! One very steamy afternoon we had the hotel windows open and I saw a man standing on his balcony watching us. I was shocked but it actually really turned me on. I deliberately didn't tell my boyfriend, but put on an extra special show for him and our spectator. The mystery man watched until my boyfriend and I reached orgasm. I glanced out of the window and saw the guy grin and salute. It was the best sex we've had in ages and I've still never mentioned our rude voyeur.

Bev by email

'He was in the showers'

WE HAD a mixed hockey game at the weekend and I started chatting to a few of

the girls while everyone else left or showered. By the time I got to the changing rooms, the place was almost empty. As I walked in naked I saw a guy from the male team. He said he was hoping to run into me.

I was shocked at first, but seeing him all soapy with a semi erection, I went towards him. Within seconds I had my hands on his stiffy and he was all over me. I bent down and expertly worked my tongue around his shaft while he held my wet hair back from my face. He moaned loudly as he came. It must have been loud as the umpire stuck his head round the door and quickly disappeared!

Amy Hertford

'We went behind a bush'

A WHILE ago my friends and I went to support Davina on her Sport Relief challenge. We dressed up, knowing there would be loads of sporty guys there. One rugged-looking guy kept catching my eye. His arms were so beefy. As we jostled to see, he kept bumping into me. My knickers were instantly wet, I hadn't been so excited in a long time. When it finished, my friends got the hint and left, and before I knew it we were behind some bushes – he had his mouth around my nipples and his fingers inside me. It was so dirty, I came instantly. Now whenever I see Davina on TV, I go red and remember my steamy encounter!

Nuts HOOK-UPS CONFESSIONS!

"I got contacted by a guy on Hook-ups who I knew straight away, as he lived on my road. He said he'd always fancied me and it wasn't long before we were having steamy sessions at his house and mine. One Sunday we were watching a movie when I draped my leg over him and tugged at his trackie bottoms. He soon wriggled them down, his stiffy springing free. I stroked it slowly up and down before giving him a slow, sexy blow job. I got naked, straddling his girth. He slowly kissed each breast as I moved back and forth. He kissed and licked faster and harder as I rode him with the same intensity. We were so worked up that we came at the same time."

WORLD SNOOKER SPECIAL!

Trump: 'Opponents aren't friends – they're enemies!'

Snooker star Judd Trump on his “embarrassing” wardrobe, Twitter and going out!

➔ **Hello Judd! What's it like to be a top snooker pro?**

It's OK. You get to travel around the world and see new places. But that's also a problem, being away all the time can get quite boring.

What do you do when you're not potting balls then?

Sleep! I sleep all the time. I try to get as much as possible to get those competition times out of the way.

How do players get ready for the World Championships?

Because it's the Worlds, I'll try a little harder, maybe an extra frame or two. I'll work on my game pretty much the same. It's nice to have a two-week break before – you can prepare yourself without having to travel around, so

you're fresh, then it's one final push!

Do you train in a waistcoat?

No! I can't think of anything worse. I think they're an embarrassment, as soon as I finish my games I can't get the thing off quick enough.

So they don't dominate your wardrobe?

Ha ha, not at the moment. Maybe in 40 years time.

Which players should we have our eyes on?

John Higgins, he hasn't done anything this or last season. He's always going to be dangerous and is amongst the top three players of all time, in my opinion anyway. An outsider may reach the quarters, but the top players are better than ever before, so I just can't see someone coming from the dark.

You had 'international playboy' in your Twitter bio for a while, is that still the case?

No, you know what Twitter's like, you're abused for no reason, so I took it out. I don't tweet as much; so much stuff doesn't need to be said. I just keep it for snooker. During the World Championships I'll be keeping people updated during my games, tweeting how I feel, it's a great way to

This was a hard shot, as the balls were out of focus

relax and a good insight for people watching my games!

Are you now mates with your hero Ronnie O'Sullivan?

Not really, we don't have a lot in common. I like to be careful who I'm friends with – you don't want to become best friends with someone who could become your enemy. You can only get so close to someone you want to beat.

Do snooker players not hang around with each other then?

A few do. I'm really young

compared to the rest of the top players, so it can be hard to start a conversation as I don't have a lot in common with them. I don't mind some of the younger and lower-ranked players, they're my age and I've grown up with them.

Apart from you, who is the coolest guy in snooker?

I don't know, there's not many! Ronnie is into his cars, like I am. He's very chilled out and probably the coolest snooker player, but there aren't many, most of them are just boring.

RIVALRY WITH RONNIE!

Trump and Ronnie O'Sullivan have clashed several times and have an ongoing rivalry.

Juddy hell!

Trump's a talented lad...

- In 2012, he explained his unique way of psyching himself up for a match as: "I want to destroy my opponent, I want to ruin them for the rest of the season."
- He also claimed that getting into snooker was a bad decision. "I don't want to be dressed in a bow tie and waistcoat, and kids younger than me certainly don't want to be wearing that sort of thing. It's all just a bit boring. If I was seven or eight again, why would I choose snooker? I'd want to be a footballer, golfer or tennis player, who are earning millions in prize money and sponsorship. I earn £300,000 to £400,000 a year..."
- He was then the subject of a Daily Mail piece titled: "Get Off That Hobby Horse, Judd. You're Paid What You Deserve For Potting Balls For A Living."
- He started competing in pool tournaments at just five years old. At the age of eight, he made a snooker break of 65 despite having to tiptoe to play his shots.
- He became the youngest player to score a competitive maximum 147, aged 14 and 208 days!

"Other snooker players are boring!"

Judd Trump

Do people ever crack *Django Unchained* jokes to your manager, Django Fung?

His numberplate says "Django" so when the film was released and we drove to the Welsh Open, we got funny looks. Were people expecting Jamie Foxx to get out?

Have you ever hustled someone on a pool table?

I'd feel bad if I did. Can you imagine how embarrassing it would be if I got beaten? The last thing I want to do is go and play pool or snooker after

I've finished practising, I just stay away from it these days.

What's it like to be China's snooker poster boy?

It's not hard, there's not a lot of competition! It helps with sponsorships and it's great to be the fan's favourite in a place where snooker players are like footballers. I always get a big crowd over there.

Why is Romford the hotbed of English snooker?

A long time ago, there was a club where all the top players

played, as most of them are from Essex or played in the area. For me, I just needed to get away from the distraction of home and to practise more with the likes of Ronnie.

Thanks Judd! Finally if you don't hang around with other players, do you hang around with the *TOWIE* lot?

I've been out with a few of them. I might do so again...

EXCLUSIVE!

England training special!

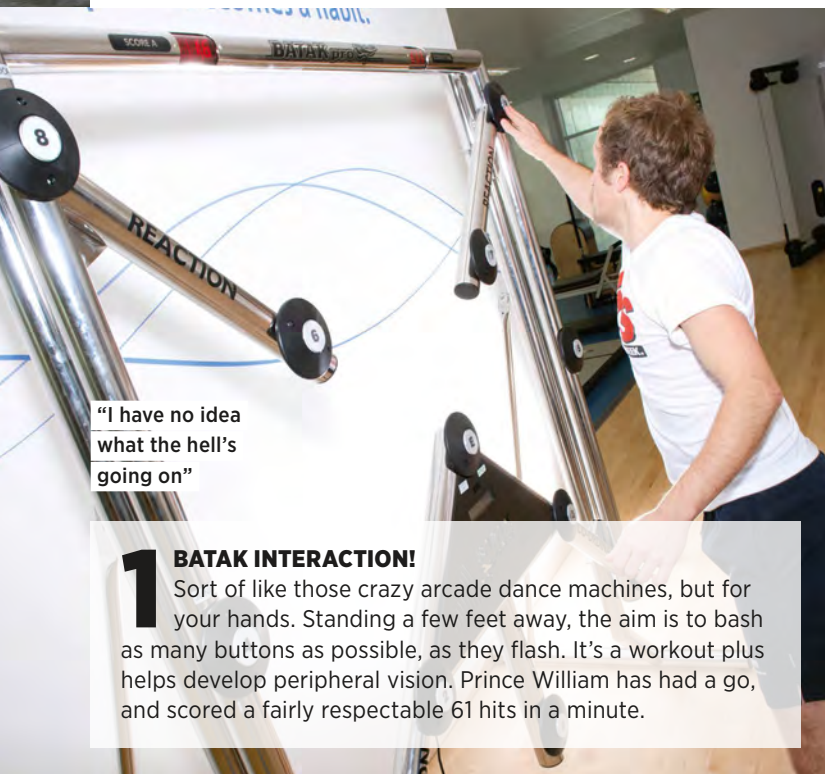

Behind the scenes at England's hi-tech HQ!

THE WORLD Cup is just over the horizon and all eyes will soon be on England's preparation for Rio at their brand new £100m training facility St George's Park, in Burton on Trent, Staffordshire. *Nuts* were lucky enough to get a sneak peek at some of the tech that will hopefully help bring home the cup. Hey, we can dream...

Nuts man: the pinnacle of human athleticism

"I have no idea what the hell's going on"

1 BATAK INTERACTION!

Sort of like those crazy arcade dance machines, but for your hands. Standing a few feet away, the aim is to bash as many buttons as possible, as they flash. It's a workout plus helps develop peripheral vision. Prince William has had a go, and scored a fairly respectable 61 hits in a minute.

"How airtight is this bit? I had beans for lunch"

2 ALTER-G TREADMILL!

This bit of kit will have even the most out of shape squad members feeling weightless. Designed by NASA, it has an anti-gravity switch that lets injured players train for longer without aggravating their injury. It's perfect for players with knee injuries – presumably why Arsenal also own one!

Why Atlético are worth a punt!

Ten reasons to back the CL underdogs!

THEY'RE THE underdogs who dumped Barcelona out of the Champions League and are sitting

pretty at the top of La Liga with six games to go. This is why, with apologies to Chelsea, we may put some cash on Atlético Madrid!

1 The Real Madrid / Barcelona pairing has ruled La Liga for the past decade, and nobody likes a boring duopoly, do they Scotland?

2 We rather fancy an all-Madrid final. Call us bonkers, but that would be amazing!

3 We can't let the Germans win another Champions League trophy.

"You can't put spokey-dokeys on it, no"

3 WATTBIKES!

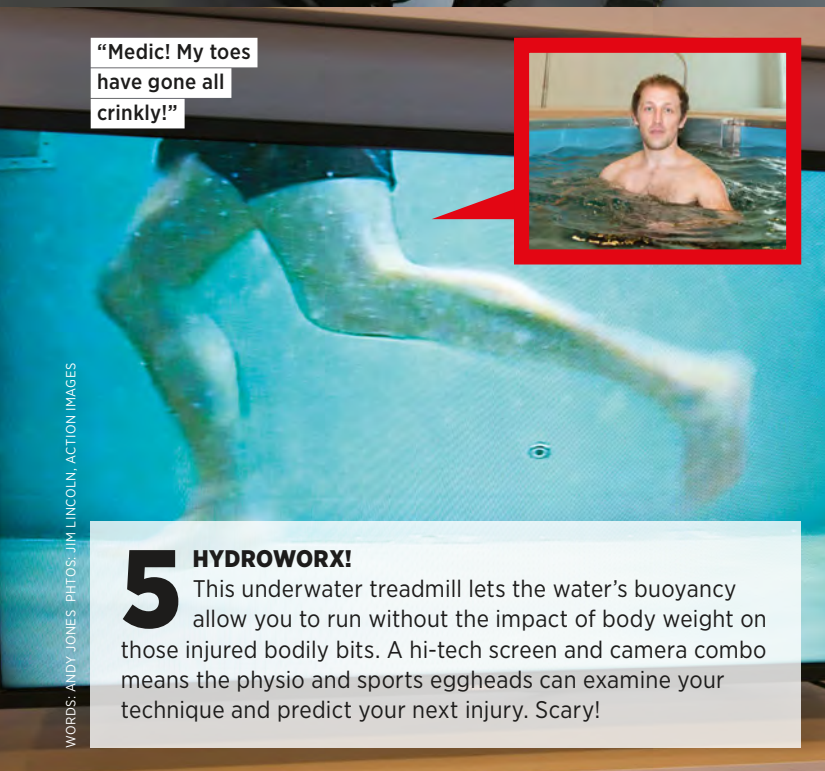

A road bike indoors! But more impressive than that. The Wattbike monitors all sorts of things – heart rate, power, speed, pace, cycling technique and about 95 other measurements, all while beaming a clever diagram to a monitor, highlighting the user's strength and weakness.

Mean. Moody.
Balding

4 VARIOPOOL!

The gadget pool has a floor that can be raised or lowered depending on what muscle group you're looking to train. The training is made harder with flotation pads (like the armbands we take on holiday), and the temperature can be adjusted from steaming hot to freezing cold.

"Medic! My toes have gone all crinkly!"

5 HYDROWORX!

This underwater treadmill lets the water's buoyancy allow you to run without the impact of body weight on those injured bodily bits. A hi-tech screen and camera combo means the physio and sports eggheads can examine your technique and predict your next injury. Scary!

"Come on lads, let's have a nice bath together"

Verdict

The boffins have definitely been hard at work to develop some incredible kit to help our World Cup stars in their Rio preparations – it's just a shame they couldn't build a "How Not To Lose At Penalties" machine. If *Nuts* man had an ounce of footballing ability, his training session may have been enough to get him on the plane. But he doesn't.

4 José Mourinho has won it enough times already. Let someone else get their hands on Old Big Ears, José, you big selfish sod!

6 It's a nice round 40 years since they last made it into the European Cup final, and guess who gave them an almighty 4-0 stuffing that time (in a replay after a draw)? That would be a certain Bayern Munich...

5 How mad would it be to see a team knocked out of the UEFA Cup six years ago by Bolton Wanderers go onto win Europe's biggest prize? Especially for Bolton fans...

7 They were originally the favoured side of Spain's brutal Fascist Franco regime, but were disowned in favour of Real Madrid, because they were deemed too rebellious!

8 Their stadium is next to a brewery. Result!

9 We could well be seeing some of their star men in the Premier League next season. Goalie Thibaut Courtois is only on loan to Atlético from Chelsea, winger Arda Turan is a lifelong Liverpool fan and star striker Diego Costa is being courted by both Chelsea and Manchester City.

10 Having said all this, we feel it's only fair to point out that their manager is that evil Argentinian swine Diego Simeone, the horrible rotter who got David Beckham sent off in the 1998 World Cup by exaggerating an injury from Beckham kicking him, bringing England's dreams crashing down.

Hillsborough families have their justice

And now we can all observe a truly fitting tribute

➔ **THE WAY** the Hillsborough families have conducted themselves in their seemingly endless fight for justice is fantastic, and it's great to hear they're finally getting what they've fought 25 years for.

Knowing your husband,

wife, son or daughter as well as you do, and then seeing them branded as a troublemaker in the aftermath of a horrific human tragedy, is exactly why they've battled this hard. The justice being dealt won't bring back the dead but clearing their names is

very important. The Premier League and all the other divisions are paying a fitting tribute to the 96, delaying the kick-off of each game for the same six minutes we saw before the game was called off in 1989 – and then an extra minute of applause to honour those who passed.

A tragedy that has united a city

Bayern banning newspapers is petty!

I THOUGHT BAYERN Munich's banning of two British tabloid newspapers was just a petty way of hitting back after UEFA closed part of their stadium for homophobic abuse. I've heard Didi Hamann discuss the differences between our two nations' media. Didi has spent years over here and just thought the newspapers were abbreviating Bastian Schweinsteiger's name, not

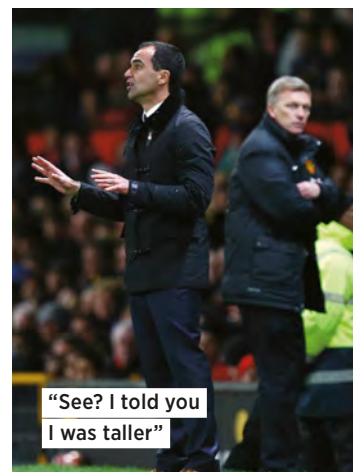

trying to offend him and call him a pig, which is what "schwein" means in German.

The whole matter should have ended when the papers in question phoned in their apologies, but it didn't – and it's Bayern who came away looking foolish.

Don't let Manc misfortune overshadow Toffees' success!

ROBERTO MARTINEZ has been fantastic this season and we can't let his successes as Everton boss be overshadowed by their former boss' ongoing miserable season. The Everton vs United game is huge for both sides, but in a completely contrasting fashion. Everton need the result to push for the promised land of the top four and the Champions League. Moyes and United need the win for their fans, who've been subjected to a dismal season compared to their usual high standards, and might struggle to even make a Europa League place. I never thought I'd hear myself saying that!
